

A. T. PARKINSON

A. T. Parkinson is a professional engineer with experience in the specification, expert witness and commissioning of complex control systems.

His investigations of platform ecosystem governance began with doctoral training at Cambridge University Engineering Department. 10 years since, he is now a keen advocate of a peoples approach that emphasises action in the present generation, depending little on the forecasts and policies of nation states.

DEFINING ECOSYSTEM BOUNDARIES WITHIN A STABLE, DIVERSE AND EXTENSIVE ALARM MANAGEMENT PLATFORM
